§ 3100.0-5 Definitions.

As used in this part, the term:

(a) *Operator* means any person or entity, including, but not limited to, the lessee or operating rights owner, who has stated in writing to the authorized officer that it is responsible under the terms and conditions of the lease for the operations conducted on the leased lands or a portion thereof.

(b) *Unit operator* means the person authorized under the agreement approved by the Department of the Interior to conduct operations within the unit.

(c) *Record title* means a lessee's interest in a lease which includes the obligation to pay rent, and the rights to assign and relinquish the lease. Overriding royalty and operating rights are severable from record title interests.

(d) *Operating right* (working interest) means the interest created out of a lease authorizing the holder of that right to enter upon the leased lands to conduct drilling and related operations, including production of oil or gas from such lands in accordance with the terms of the lease.

(e) *Transfer* means any conveyance of an interest in a lease by assignment, sublease or otherwise. This definition includes the terms: *Assignment* which means a transfer of all or a portion of the lessee's record title interest in a lease; and *sublease* which means a transfer of a non-record title interest in a lease, i.e., a transfer of operating rights is normally a sublease and a sublease also is a subsidiary arrangement between the lessee (sublessor) and the sublessee, but a sublease does not include a transfer of a purely financial interest, such as overriding royalty interest or payment out of production, nor does it affect the relationship imposed by a lease between the lessee(s) and the United States.

(f) *National Wildlife Refuge System Lands* means lands and water, or interests therein, administered by the Secretary as wildlife refuges, areas for the protection and conservation of fish and wildlife that are threatened with extinction, wildlife management areas or waterfowl production areas.

(g) *Actual drilling operations* includes not only the physical drilling of a well, but the testing, completing or equipping of such well for production.

(h)(1) *Primary term* of lease subject to section 4(d) of the Act prior to the revision of 1960 (30 U.S.C. 226-1(d)) means all periods of the life of the lease prior to its extension by reason of production of oil and gas in paying quantities; and

(2) *Primary term* of all other leases means the initial term of the lease. For competitive leases, except those within the National Petroleum Reserve—Alaska, this means 5 years and for non-competitive leases this means 10 years.

(i) *Lessee* means a person or entity holding record title in a lease issued by the United States.

(j) *Operating rights owner* means a person or entity holding operating rights in a lease issued by the United

Bureau of Land Management, Interior

§ 3100.2-2

States. A lessee also may be an operating rights owner if the operating rights in a lease or portion thereof have not been severed from record title.

(k) *Bid* means an amount of remittance offered as partial compensation for a lease equal to or in excess of the national minimum acceptable bonus bid set by statute or by the Secretary, submitted by a person or entity for a lease parcel in a competitive lease sale.

[48 FR 33662, July 22, 1983, as amended at 53 FR 17352, May 16, 1988; 53 FR 22836, June 17, 1988]

(a) All data and information concerning Federal and Indian minerals submitted under this part 3100 and parts 3110 through 3190 of this chapter are subject to part 2 of this title, except as provided in paragraph (c) of this section. Part 2 of this title includes the regulations of the Department of the Interior covering the public disclosure of data and information contained in Department of the Interior records. Certain mineral information not protected from public disclosure under part 2 of this title may be made available for inspection without a Freedom of Information Act (FOIA) (5 U.S.C. 552) request.

(b) When you submit data and information under this part 3100 and parts 3110 through 3190 of this chapter that you believe to be exempt from disclosure to the public, you must clearly mark each page that you believe includes confidential information. BLM will keep all such data and information confidential to the extent allowed by § 2.13(c) of this title.

(c) Under the Indian Mineral Development Act of 1982 (IMDA) (25 U.S.C. 2101 *et seq.*), the Department of the Interior will hold as privileged proprietary information of the affected Indian or Indian tribe—

(1) All findings forming the basis of the Secretary's intent to approve or

Bureau of Land Management, Interior

disapprove any Minerals Agreement under IMDA; and

(2) All projections, studies, data, or other information concerning a Minerals Agreement under IMDA, regardless of the date received, related to—

(i) The terms, conditions, or financial return to the Indian parties;

(ii) The extent, nature, value, or disposition of the Indian mineral resources; or

(iii) The production, products, or proceeds thereof.

(d) For information concerning Indian minerals not covered by paragraph (c) of this section—

(1) BLM will withhold such records as may be withheld under an exemption to FOIA when it receives a request for information related to tribal or Indian minerals held in trust or subject to restrictions on alienation;

(2) BLM will notify the Indian mineral owner(s) identified in the records of the Bureau of Indian Affairs (BIA), and BIA, and give them a reasonable period of time to state objections to disclosure, using the standards and procedures of § 2.15(d) of this title, before making a decision about the applicability of FOIA exemption 4 to:

(i) Information obtained from a person outside the United States Government; when

(ii) Following consultation with a submitter under § 2.15(d) of this title, BLM determines that the submitter does not have an interest in withholding the records that can be protected under FOIA; but

(iii) BLM has reason to believe that disclosure of the information may result in commercial or financial injury to the Indian mineral owner(s), but is uncertain that such is the case.

Subpart 3101—Issuance of Leases

§ 3101.1 Lease terms and conditions.

§ 3101.1-1 Lease form.

A lease shall be issued only on the standard form approved by the Director.

[53 FR 17352, May 16, 1988]

§ 3101.1-2 Surface use rights.

A lessee shall have the right to use so much of the leased lands as is necessary to explore for, drill for, mine, extract, remove and dispose of all the leased resource in a leasehold subject to: Stipulations attached to the lease; restrictions deriving from specific, nondiscretionary statutes; and such reasonable measures as may be required by the authorized officer to minimize adverse impacts to other resource values, land uses or users not addressed in the lease stipulations at the time operations are proposed. To the extent consistent with lease rights granted, such reasonable measures may include, but are not limited to, modification to siting or design of facilities, timing of operations, and specification of interim and final reclamation measures. At a minimum, measures shall be deemed consistent with lease rights granted provided that they do not: require relocation of proposed operations by more than 200 meters; require that operations be sited off the leasehold; or prohibit new surface disturbing operations for a period in excess of 60 days in any lease year.

[53 FR 17352, May 16, 1988]

§ 3101.1-3 Stipulations and information notices.

The authorized officer may require stipulations as conditions of lease issuance. Stipulations shall become part of the lease and shall supersede inconsistent provisions of the standard lease form. Any party submitting a bid under subpart 3120 of this title, or an offer under § 3110.1(b) of this title during the period when use of the parcel number is required pursuant to § 3110.5-1 of this title, shall be deemed to have agreed to stipulations applicable to the specific parcel as indicated in the List of Lands Available for Competitive Nominations or the Notice of Competitive Lease Sale available from the proper BLM office. A party filing a noncompetitive offer in accordance with § 3110.1(a) of this title shall be deemed to have agreed to stipulations applicable to the specific parcel as indicated in the List of Lands Available for Competitive Nominations or the

§ 3101.1-4

Notice of Competitive Lease Sale, unless the offer is withdrawn in accordance with § 3110.6 of this title. An information notice has no legal consequences, except to give notice of existing requirements, and may be attached to a lease by the authorized officer at the time of lease issuance to convey certain operational, procedural or administrative requirements relative to lease management within the terms and conditions of the standard lease form. Information notices shall not be a basis for denial of lease operations.

[53 FR 17352, May 16, 1988, as amended at 53 FR 22836, June 17, 1988]

§ 3101.1-4 Modification or waiver of lease terms and stipulations.

A stipulation included in an oil and gas lease shall be subject to modification or waiver only if the authorized officer determines that the factors leading to its inclusion in the lease have changed sufficiently to make the protection provided by the stipulation no longer justified or if proposed operations would not cause unacceptable impacts. If the authorized officer has determined, prior to lease issuance, that a stipulation involves an issue of major concern to the public, modification or waiver of the stipulation shall be subject to public review for at least a 30-day period. In such cases, the stipulation shall indicate that public review is required before modification or waiver. If subsequent to lease issuance the authorized officer determines that a modification or waiver of a lease term or stipulation is substantial, the modification or waiver shall be subject to public review for at least a 30-day period.

The boundary between the 2 leasing districts in Alaska begins at the northeast corner of the Tetlin National Wildlife Refuge as established on December 2, 1980 (16 U.S.C. 3101), at a point on the boundary between the United States and Canada, then northwesterly along the northern boundary of the refuge to the left limit of the Tanana River (63°9'38" north latitude, 142°20'52" west longitude), then westerly along the left limit to the confluence of the Tanana and Yukon Rivers, and then along the left limit of the Yukon River from said confluence to its principal southern mouth.

§ 3101.2-2 Acquired lands.

An acreage limitation separate from, but equal to the acreage limitation for public domain lands described in § 3101.2-1 of this title, applies to acquired lands. Where the United States owns only a fractional interest in the mineral resources of the lands involved in a lease, only that part owned by the United States shall be charged as acreage holdings. The acreage embraced in a future interest lease shall not be charged as acreage holdings until the lease for the future interest becomes effective.

§ 3101.2-3 Excepted acreage.

(a) The following acreage shall not be included in computing accountable acreage:

(1) Acreage under any lease any portion of which is committed to any Federally approved unit or cooperative plan or communitization agreement;

(2) Acreage under any lease for which royalty (including compensatory royalty or royalty in-kind) was paid in the preceding calendar year; and

(3) Acreage under leases subject to an operating, drilling or development contract approved by the Secretary.

(b) Acreage subject to offers to lease, overriding royalties and payments out

§ 3101.2-4 Excess acreage.

(a) Where, as the result of the termination or contraction of a unit or cooperative plan, the elimination of a lease from an operating, drilling or development contract a party holds or controls excess accountable acreage, said party shall have 90 days from that date to reduce the holdings to the prescribed limitation and to file proof of the reduction in the proper BLM office. Where as a result of a merger or the purchase of the controlling interest in a corporation, acreage in excess of the amount permitted is acquired, the party holding the excess acreage shall have 180 days from the date of the merger or purchase to divest the excess acreage. If additional time is required to complete the divestiture of the excess acreage, a petition requesting additional time, along with a full justification for the additional time, may be filed with the authorized officer prior to the termination of the 180-day period provided herein.

(b) If any person or entity is found to hold accountable acreage in violation of the provisions of these regulations, lease(s) or interests therein shall be subject to cancellation or forfeiture in their entirety, until sufficient acreage has been eliminated to comply with the acreage limitation. Excess acreage or interest shall be cancelled in the inverse order of acquisition.

§ 3101.2-5 Computation.

The accountable acreage of a party owning an undivided interest in a lease shall be the party's proportionate part of the total lease acreage. The accountable acreage of a party who is the beneficial owner of more than 10 percent of the stock of a corporation which holds Federal oil and gas leases shall be the party's proportionate part of the corporation's accountable acreage. Parties to a contract for development of leased lands and co-parties, except those oper-

ating, drilling or development contracts subject to § 3101.2-3 of this title, shall be charged with their proportionate interests in the lease. No holding of acreage in common by the same persons in excess of the maximum acreage specified in the laws for any one party shall be permitted.

[48 FR 33662, July 22, 1983, as amended at 49 FR 2113, Jan. 18, 1984; 53 FR 17353, May 16, 1988]

§ 3101.2-6 Showing required.

At any time the authorized officer may require any lessee or operator to file with the Bureau of Land Management a statement showing as of specified date the serial number and the date of each lease in which he/she has any interest, in the particular State, setting forth the acreage covered thereby.

§ 3101.3 Leases within unit areas.

§ 3101.3-1 Joinder evidence required.

Before issuance of a lease for lands within an approved unit, the lease offeror shall file evidence with the proper BLM office of having joined in the unit agreement and unit operating agreement or a statement giving satisfactory reasons for the failure to enter into such agreement. If such statement is acceptable to the authorized officer the operator shall be permitted to operate independently but shall be required to conform to the terms and provisions of the unit agreement with respect to such operations.

§ 3101.4 Lands covered by application to close lands to mineral leasing.

Offers filed on lands within a pending application to close lands to mineral leasing shall be suspended until the

§ 3101.5

segregative effect of the application is final.

§ 3101.5 National Wildlife Refuge System lands.

§ 3101.5-1 Wildlife refuge lands.

(a) Wildlife refuge lands are those lands embraced in a withdrawal of public domain and acquired lands of the United States for the protection of all species of wildlife within a particular area. Sole and complete jurisdiction over such lands for wildlife conservation purposes is vested in the Fish and Wildlife Service even though such lands may be subject to prior rights for other public purposes or, by the terms of the withdrawal order, may be subject to mineral leasing.

(b) No offers for oil and gas leases covering wildlife refuge lands shall be accepted and no leases covering such lands shall be issued except as provided in § 3100.2 of this title. There shall be no drilling or prospecting under any lease heretofore or hereafter issued on lands within a wildlife refuge except with the consent and approval of the Secretary with the concurrence of the Fish and Wildlife Service as to the time, place and nature of such operations in order to give complete protection to wildlife populations and wildlife habitat on the areas leased, and all such operations shall be conducted in accordance with the stipulations of the Bureau on a form approved by the Director.

§ 3101.5-2 Coordination lands.

(a) Coordination lands are those lands withdrawn or acquired by the United States and made available to the States by cooperative agreements entered into between the Fish and Wildlife Service and the game commissions of the various States, in accordance with the Act of March 10, 1934 (48 Stat. 401), as amended by the Act of August 14, 1946 (60 Stat. 1080), or by long-term leases or agreements between the Department of Agriculture and the game commissions of the various States pursuant to the Bankhead-Jones Farm Tenant Act (50 Stat. 525), as amended, where such lands were subsequently transferred to the Department of the Interior, with the Fish

and Wildlife Service as the custodial agency of the United States.

(b) Representatives of the Bureau and the Fish and Wildlife Service shall, in cooperation with the authorized members of the various State game commissions, confer for the purpose of determining by agreement those coordination lands which shall not be subject to oil and gas leasing. Coordination lands not closed to oil and gas leasing shall be subject to leasing on the imposition of such stipulations as are agreed upon by the State Game Commission, the Fish and Wildlife Service and the Bureau.

§ 3101.5-3 Alaska wildlife areas.

No lands within a refuge in Alaska open to leasing shall be available until the Fish and Wildlife Service has first completed compatability determinations.

§ 3101.5-4 Stipulations.

Leases shall be issued subject to stipulations prescribed by the Fish and Wildlife Service as to the time, place, nature and condition of such operations in order to minimize impacts to fish and wildlife populations and habitat and other refuge resources on the areas leased. The specific conduct of lease activities on any refuge lands shall be subject to site-specific stipulations prescribed by the Fish and Wildlife Service.

§ 3101.6 Recreation and public purposes lands.

Under the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*), all lands within Recreation and Public Purposes leases and patents are subject to lease under the provisions of this part, subject to such conditions as the Secretary deems appropriate.

§ 3101.7 Federal lands administered by an agency outside of the Department of the Interior.

§ 3101.7-1 General requirements.

(a) Acquired lands shall be leased only with the consent of the surface managing agency, which upon receipt of a description of the lands from the authorized officer, shall report to the authorized officer that it consents to

Bureau of Land Management, Interior

§ 3101.8

leasing with stipulations, if any, or withholds consent or objects to leasing.

(b) Public domain lands shall be leased only after the Bureau has consulted with the surface managing agency and has provided it with a description of the lands, and the surface managing agency has reported its recommendation to lease with stipulations, if any, or not to lease to the authorized officer. If consent or lack of objection of the surface managing agency is required by statute to lease public domain lands, the procedure in paragraph (a) of this section shall apply.

(c) National Forest System lands whether acquired or reserved from the public domain shall not be leased over the objection of the Forest Service. The provisions of paragraph (a) of this section shall apply to such National Forest System lands.

[53 FR 22836, June 17, 1988]

§ 3101.7-2 Action by the Bureau of Land Management.

(a) Where the surface managing agency has consented to leasing with required stipulations, and the Secretary decides to issue a lease, the authorized officer shall incorporate the stipulations into any lease which it may issue. The authorized officer may add additional stipulations.

(b) The authorized officer shall not issue a lease and shall reject any lease offer on lands to which the surface managing agency objects or withholds consent required by statute. In all other instances, the Secretary has the final authority and discretion to decide to issue a lease.

(c) The authorized officer shall review all recommendations and shall accept all reasonable recommendations of the surface managing agency.

§ 3101.7-3 Appeals.

(a) The decision of the authorized officer to reject an offer to lease or to issue a lease with stipulations recommended by the surface managing agency may be appealed to the Interior Board of Land Appeals under part 4 of this title.

(b) Where, as provided by statute, the surface managing agency has required that certain stipulations be included in a lease or has consented, or objected or refused to consent to leasing, any appeal by an affected lease offeror shall be pursuant to the administrative remedies provided by the particular surface managing agency.

[53 FR 22837, June 17, 1988]

§ 3101.8 State's or charitable organization's ownership of surface overlying Federally-owned minerals.

Where the United States has conveyed title to, or otherwise transferred the control of the surface of lands to any State or political subdivision, agency, or instrumentality thereof, or a college or any other educational corporation or association, or a charitable or religious corporation or association, with reservation of the oil and gas rights to the United States, such party shall be given an opportunity to suggest any lease stipulations deemed necessary for the protection of existing surface improvements or uses, to set forth the facts supporting the necessity of the stipulations and also to file any objections it may have to the issuance of a lease. Where a party controlling the surface opposes the issuance of a lease or wishes to place such restrictive stipulations upon the lease that it could not be operated upon or become part of a drilling unit and hence is without mineral value, the facts submitted in support of the opposition or request for restrictive stipulations shall be given consideration and each case decided on its merits. The opposition to lease or necessity for restrictive stipulations expressed by the party controlling the surface affords no legal basis or authority to refuse to issue the lease or to issue the lease with the requested restrictive stipulations for the reserved minerals in the lands; in such case, the final determination whether to issue and with what stipulations, or not to issue the lease depends upon whether or not the interests of the United States would best be served by the issuance of the lease.

§ 3102.2 Aliens.

Leases or interests therein may be acquired and held by aliens only through stock ownership, holding or control in a present or potential lessee that is incorporated under the laws of the United States or of any State or territory thereof, and only if the laws, customs or regulations of their country do not deny similar or like privileges to citizens or corporations of the United States. If it is determined that a country has denied similar or like privileges to citizens or corporations of the United States, it would be placed on a list available from any Bureau of Land Management State office.

[53 FR 17353, May 16, 1988]

§ 3102.3 Minors.

Leases shall not be acquired or held by one considered a minor under the laws of the State in which the lands are located, but leases may be acquired and held by legal guardians or trustees of minors in their behalf. Such legal guardians or trustees shall be citizens of the United States or otherwise meet the provisions of § 3102.1 of this title.

§ 3102.5–1 Compliance.

In order to actually or potentially own, hold, or control an interest in a lease or prospective lease, all parties, including corporations, and all members of associations, including partnerships of all types, shall, without exception, be qualified and in compliance with the act. Compliance means that the lessee, potential lessee, and all such parties (as defined in § 3000.0–5(k)) are:

(a) Citizens of the United States (see § 3102.1) or alien stockholders in a corporation organized under State or Federal law (see § 3102.2);

(b) In compliance with the Federal acreage limitations (see § 3101.2);

(c) Not minors (see § 3102.3);

(d) Except for an assignment or transfer under subpart 3106 of this title, in compliance with section 2(a)(2)(A) of the Act, in which case the signature on an offer or lease constitutes evidence of compliance. § 3103.1-2

(e) Not in violation of the provisions of section 41 of the Act; and

(f) In compliance with section 17(g) of the Act, in which case the signature on an offer, lease, assignment, transfer, constitutes evidence of compliance that the signatory and any subsidiary, affiliate, or person, association, or corporation controlled by or under common control with the signatory, as defined in § 3400.0-5(rr) of this title, has not failed or refused to comply with reclamation requirements with respect to all leases and operations thereon in which such person or entity has an interest. Noncompliance with section 17(g) of the Act begins on the effective date of the imposition of a civil penalty by the authorized officer under § 3163.2 of this title, or when the bond is attached by the authorized officer for reclamation purposes, whichever comes first. A lease issued, or an assignment or transfer approved, to any such person or entity in violation of this paragraph (f) shall be subject to the cancellation provisions of § 3108.3 of this title, notwithstanding any administrative or judicial appeals that may be pending with respect to violations or penalties assessed for failure to comply with the prescribed reclamation standards on any lease holdings. Noncompliance shall end upon a determination by the authorized officer that all required reclamation has been completed and that the United States has been fully reimbursed for any costs incurred due to the required reclamation.

(g) In compliance with § 3106.1(b) of this title and section 30A of the Act. The authorized officer may accept the signature on a request for approval of an assignment of less than 640 acres outside of Alaska (2,560 acres within Alaska) as acceptable certification that the assignment would further the development of oil and gas, or the authorized officer may apply the provisions of § 3102.5-3 of this title.

§ 3102.5-2 Certification of compliance.

partnership, shall certify that constituent members of the corporation, association or partnership holding or controlling more than 10 percent of the instruments of ownership of the corporation, association or partnership are in compliance with the act. Execution and submission of an offer, competitive bid form, or request for approval of a transfer of record title or of operating rights (sublease), constitutes certification of compliance.

§ 3103.2-2 Annual rental payments.

Rentals shall be paid on or before the lease anniversary date. A full year's rental shall be submitted even when less than a full year remains in the lease term, except as provided in § 3103.4-4(d) of this title. Failure to make timely payment shall cause a lease to terminate automatically by operation of law. (c) The average production per well per day for oil and gas shall be determined pursuant to 43 CFR 3162.7-4.

§ 3103.4-1 Royalty reductions.

(a) In order to encourage the greatest ultimate recovery of oil or gas and in the interest of conservation, the Secretary, upon a determination that it is necessary to promote development or that the leases cannot be successfully operated under the terms provided therein, may waive, suspend or reduce the rental or minimum royalty or reduce the royalty on an entire leasehold, or any portion thereof.

(b)(1) An application for the benefits under paragraph (a) of this section must be filed by the operator/payor in the proper BLM office. The application must contain the serial number of the leases, the names of the record title holders, operating rights owners (sub-lessees), and operators for each lease, the description of lands by legal subdivision and a description of the relief requested.

(2) Each application shall show the number, location and status of each well drilled, a tabulated statement for each month covering a period of not less than 6 months prior to the date of filing the application of the aggregate amount of oil or gas subject to royalty, the number of wells counted as producing each month and the average production per well per day.

(3) Every application shall contain a detailed statement of expenses and costs of operating the entire lease, the income from the sale of any production and all facts tending to show whether the wells can be successfully operated upon the fixed royalty or rental. Where

the application is for a reduction in royalty, full information shall be furnished as to whether overriding royalties, payments out of production, or similar interests are paid to others than the United States, the amounts so paid and efforts made to reduce them. The applicant shall also file agreements of the holders to a reduction of all other royalties or similar payments from the leasehold to an aggregate not in excess of one-half the royalties due the United States.

(c) Petition may be made for reduction of royalty under § 3108.2-3(f) for leases reinstated under § 3108.2-3 of this title and under § 3108.2-4(i) for non-competitive leases issued under § 3108.2-4 of this title. Petitions to waive, suspend or reduce rental or minimum royalty for leases reinstated under § 3108.2-3 of this title or for leases issued under § 3108.2-4 of this title may be made under this section.

§ 3103.4-2 Stripper well royalty reductions.

(a) Certification. The applicable royalty rate shall be used by the operator/payor when submitting the required royalty reports/payments to ONRR. By submitting royalty reports/payments using the royalty rate reduction benefits of this program, the operator certifies that the production rate for the qualifying and subsequent 12-month period was not subject to manipulation for the purpose of obtaining the benefit of a royalty rate reduction, and the royalty rate was calculated in accordance with the instructions and procedures in these regulations.

(b) *Record retention.* For seven years after production on which the operator claims a royalty rate reduction for stripper well properties, the operator must retain and make available to BLM for inspection all documents on which the calculation of the applicable royalty rate under this section relies.

(c) Agency action. If a royalty rate is improperly calculated, the MMS will calculate the correct rate and inform the operator/payors. Any additional

royalties due are payable immediately upon notification. Late payment or underpayment charges will be assessed in accordance with 30 CFR 218.102. The BLM may terminate a royalty rate reduction if it is determined that the production rate was manipulated by the operator for the purpose of receiving a royalty rate reduction. Terminations of royalty rate reductions will be effective on the effective date of the royalty rate reduction resulting from the manipulated production rate (i.e., the termination will be retroactive to the effective date of the improper reduction). The operator/payor shall pay the difference in royalty resulting from the retroactive application of the unmanipulated rate. Late payment or underpayment charges will be assessed in accordance with 30 CFR 218.102.

§ 3103.4-3 Heavy oil royalty reductions.

(a) *Certification.* The operator/payor must use the applicable royalty rate when submitting the required royalty reports/payments to the Minerals Management Service (MMS). In submitting royalty reports/payments using a royalty rate reduction the operator/payor must certify that the API oil gravity for the initial and subsequent 12-month periods was not subject to manipulation or adulteration and the royalty rate was determined in accordance with the requirements and procedures.

(b) *Agency action.* If an operator/payor incorrectly calculates the royalty rate, the BLM will determine the correct rate and notify the operator/payor in writing. Any additional royalties due are payable to MMS immediately upon receipt of this notice. Late payment or underpayment charges will be assessed in accordance with 30 CFR 218.102. The BLM will terminate a royalty rate reduction for a property if BLM determines that the API oil gravity was manipulated or adulterated by the operator/payor. Terminations of royalty rate reductions for individual properties will be effective

on the effective date of the royalty rate reduction resulting from a manipulated or adulterated API oil gravity so that the termination will be retroactive to the effective date of the improper reduction. The operator/payor must pay the difference in royalty resulting from the retroactive application of the non-manipulated rate. The late payment or underpayment charges will be assessed in accordance with 30 CFR 218.102.

§ 3103.4-4 Suspension of operations and/or production.

(a) A suspension of all operations and production may be directed or consented to by the authorized officer only in the interest of conservation of natural resources. A suspension of operations only or a suspension of production only may be directed or consented to by the authorized officer in cases where the lessee is prevented from operating on the lease or producing from the lease, despite the exercise of due care and diligence, by reason of *force majeure*, that is, by matters beyond the reasonable control of the lessee. Applications for any suspension shall be filed in the proper BLM office. Complete information showing the necessity of such relief shall be furnished.

(b) The term of any lease shall be extended by adding thereto the period of the suspension, and no lease shall be deemed to expire during any suspension.

(c) A suspension shall take effect as of the time specified in the direction or assent of the authorized officer, in accordance with the provisions of § 3165.1 of this title.

(d) Rental and minimum royalty payments shall be suspended during any period of suspension of all operations and production directed or assented to by the authorized officer beginning with the first day of the lease month in which the suspension of all operations and production becomes effective, or if the suspension of all operations and production becomes effective on any date other than the first day of a lease month, beginning with the first day of the lease month following such effective date. Rental and minimum royalty

payments shall resume on the first day of the lease month in which the suspension of all operations and production is terminated. Where rentals are creditable against royalties and have been paid in advance, proper credit shall be allowed on the next rental or royalty due under the terms of the lease. Rental and minimum royalty payments shall not be suspended during any period of suspension of operations only or suspension of production only.

(e) Where all operations and production are suspended on a lease on which there is a well capable of producing in paying quantities and the authorized officer approves resumption of operations and production, such resumption shall be regarded as terminating the suspension, including the suspension of rental and minimum royalty payments, as provided in paragraph (d) of this section.

(f) The relief authorized under this section also may be obtained for any Federal lease included within an approved unit or cooperative plan of development and operation. Unit or cooperative plan obligations shall not be suspended by relief obtained under this section but shall be suspended only in accordance with the terms and conditions of the specific unit or cooperative plan.

Subpart 3104—Bonds

§ 3104.1 Bond obligations.

(a) Prior to the commencement of surface disturbing activities related to drilling operations, the lessee, operating rights owner (sublessee), or operator shall submit a surety or a personal bond, conditioned upon compliance with all of the terms and conditions of the entire leasehold(s) covered by the bond, as described in this subpart. The bond amounts shall be not less than the minimum amounts described in this subpart in order to ensure compliance with the act, including complete and timely plugging of the well(s), reclamation of the lease area(s), and the restoration of any lands or surface waters adversely affected by lease operations after the abandonment or cessation of oil and

gas operations on the lease(s) in accordance with, but not limited to, the standards and requirements set forth in §§ 3162.3 and 3162.5 of this title and orders issued by the authorized officer.

(b) Surety bonds shall be issued by qualified surety companies approved by the Department of the Treasury (see Department of the Treasury Circular No. 570).

(c) Personal bonds shall be accompanied by:

(1) Certificate of deposit issued by a financial institution, the deposits of which are Federally insured, explicitly granting the Secretary full authority to demand immediate payment in case of default in the performance of the terms and conditions of the lease. The certificate shall explicitly indicate on its face that Secretarial approval is required prior to redemption of the certificate of deposit by any party;

(2) Cashier's check;

(3) Certified check;

(4) Negotiable Treasury securities of the United States of a value equal to the amount specified in the bond. Negotiable Treasury securities shall be accompanied by a proper conveyance to the Secretary of full authority to sell such securities in case of default in the performance of the terms and conditions of a lease; or

(5) Irrevocable letter of credit issued by a financial institution, the deposits of which are Federally insured, for a specific term, identifying the Secretary as sole payee with full authority to demand immediate payment in the case of default in the performance of the terms and conditions of a lease.

Letters of credit shall be subject to the following conditions:

(i) The letter of credit shall be issued only by a financial institution organized or authorized to do business in the United States;

(ii) The letter of credit shall be irrevocable during its term. A letter of credit used as security for any lease upon which drilling has taken place and final approval of all abandonment has not been given, or as security for a statewide or nationwide lease bond, shall be forfeited and shall be collected by the authorized officer if not replaced by other suitable bond or letter

of credit at least 30 days before its expiration date;

(iii) The letter of credit shall be payable to the Bureau of Land Management upon demand, in part or in full, upon receipt from the authorized officer of a notice of attachment stating the basis therefor, e.g., default in compliance with the lease terms and conditions or failure to file a replacement in accordance with paragraph (c)(5)(ii) of this section;

(iv) The initial expiration date of the letter of credit shall be at least 1 year following the date it is filed in the proper BLM office; and

(v) The letter of credit shall contain a provision for automatic renewal for periods of not less than 1 year in the absence of notice to the proper BLM office at least 90 days prior to the originally stated or any extended expiration date.

§ 3104.2 Lease bond.

A lease bond may be posted by a lessee, owner of operating rights (sublessee), or operator in an amount of not less than \$10,000 for each lease conditioned upon compliance with all of the terms of the lease. Where 2 or more principals have interests in different formations or portions of the lease, separate bonds may be posted. The operator on the ground shall be covered by a bond in his/her own name as principal, or a bond in the name of the lessee or sublessee, provided that a consent of the surety, or the obligor in the case of a personal bond, to include the operator under the coverage of the bond is furnished to the Bureau office maintaining the bond.

§ 3104.3 Statewide and nationwide bonds.

(a) In lieu of lease bonds, lessees, owners of operating rights (sublessees), or operators may furnish a bond in an amount of not less than \$25,000 covering all leases and operations in any one State.

(b) In lieu of lease bonds or statewide bonds, lessees, owners of operating rights (sublessees), or operators may furnish a bond in an amount of not less

than \$150,000 covering all leases and operations nationwide.

§ 3104.4 Unit operator's bond.

In lieu of individual lease, statewide, or nationwide bonds for operations conducted on leases committed to an approved unit agreement, the unit operator may furnish a unit operator bond in the manner set forth in § 3104.1 of this title. The amount of such a bond shall be determined by the authorized officer. The format for such a surety bond is set forth in § 3186.2 of this title. Where a unit operator is covered by a nationwide or statewide bond, coverage for such a unit may be provided by a rider to such bond specifically covering the unit and increasing the bond in such amount as may be determined appropriate by the authorized officer.

[53 FR 22839, June 17, 1988]

§ 3104.5 Increased amount of bonds.

(a) When an operator desiring approval of an Application for Permit to Drill has caused the Bureau to make a demand for payment under a bond or other financial guarantee within the 5-year period prior to submission of the Application for Permit to Drill, due to failure to plug a well or reclaim lands completely in a timely manner, the authorized officer shall require, prior to approval of the Application for Permit to Drill, a bond in an amount equal to the costs as estimated by the authorized officer of plugging the well and reclaiming the disturbed area involved in the proposed operation, or in the minimum amount as prescribed in this subpart, whichever is greater.

(b) The authorized officer may require an increase in the amount of any bond whenever it is determined that the operator poses a risk due to factors, including, but not limited to, a history of previous violations, a notice from the Service that there are uncollected royalties due, or the total cost of plugging existing wells and reclaiming lands exceeds the present bond amount based on the estimates determined by the authorized officer. The increase in bond amount may be to any

§ 3104.6

level specified by the authorized officer, but in no circumstances shall it exceed the total of the estimated costs of plugging and reclamation, the amount of uncollected royalties due to the Service, plus the amount of monies owed to the lessor due to previous violations remaining outstanding.

§ 3104.6 Where filed and number of copies.

All bonds shall be filed in the proper BLM office on a current form approved by the Director. A single copy executed by the principal or, in the case of surety bonds, by both the principal and an acceptable surety is sufficient. A bond filed on a form not currently in use shall be acceptable, unless such form has been declared obsolete by the Director prior to the filing of such bond. For purposes of §§ 3104.2 and 3104.3(a) of this title, bonds or bond riders shall be filed in the Bureau State office having jurisdiction of the lease or operations covered by the bond or rider. Nationwide bonds may be filed in any Bureau State office (See § 1821.2-1).

§ 3104.7 Default.

(a) Where, upon a default, the surety makes a payment to the United States of an obligation incurred under a lease, the face amount of the surety bond or personal bonds and the surety's liability thereunder shall be reduced by the amount of such payment.

(b) After default, where the obligation in default equals or is less than the face amount of the bond(s), the principal shall either post a new bond or restore the existing bond(s) to the amount previously held or a larger amount as determined by the authorized officer. In lieu thereof, the principal may file separate or substitute bonds for each lease covered by the deficient bond(s). Where the obligation incurred exceeds the face amount of the bond(s), the principal shall make full payment to the United States for all obligations incurred that are in excess of the face amount of the bond(s) and shall post a new bond in the amount previously held or such larger amount as determined by the author-

ized officer. The restoration of a bond or posting of a new bond shall be made within 6 months or less after receipt of notice from the authorized officer. Failure to comply with these requirements may subject all leases covered by such bond(s) to cancellation under the provisions of § 3108.3 of this title.

Subpart 3105—Cooperative Conservation Provisions

§ 3105.1 Cooperative or unit agreement.

The suggested contents of such an agreement and the procedures for obtaining approval are contained in 43 CFR part 3180.

§ 3105.2 Communitization or drilling agreements.

§ 3105.2-1 Where filed.

(a) Requests to communitize separate tracts shall be filed, in triplicate, with the proper BLM office.

(b) Where a duly executed agreement is submitted for final Departmental approval, a minimum of 3 signed counterparts shall be submitted. If State lands are involved, 1 additional counterpart shall be submitted.

§ 3105.2-2 Purpose.

When a lease or a portion thereof cannot be independently developed and operated in conformity with an established well-spacing or well-development program, the authorized officer may approve communitization or drilling agreements for such lands with other lands, whether or not owned by the United States, upon a determination that it is in the public interest.

Bureau of Land Management, Interior

§ 3105.4-2

Operations or production under such an agreement shall be deemed to be operations or production as to each lease committed thereto.

§ 3105.2-3 Requirements.

(a) The communitization or drilling agreement shall describe the separate tracts comprising the drilling or spacing unit, shall show the apportionment of the production or royalties to the several parties and the name of the operator, and shall contain adequate provisions for the protection of the interests of the United States. The agreement shall be signed by or on behalf of all necessary parties and shall be filed prior to the expiration of the Federal lease(s) involved in order to confer the benefits of the agreement upon such lease(s).

(b) The agreement shall be effective as to the Federal lease(s) involved only if approved by the authorized officer. Approved communitization agreements are considered effective from the date of the agreement or from the date of the onset of production from the communitized formation, whichever is earlier, except when the spacing unit is subject to a State pooling order after the date of first sale, then the effective date of the agreement may be the effective date of the order.

(c) The public interest requirement for an approved communitization agreement shall be satisfied only if the well dedicated thereto has been completed for production in the communitized formation at the time the agreement is approved or, if not, that the operator thereafter commences and/or diligently continues drilling operations to a depth sufficient to test the communitized formation or establish to the satisfaction of the authorized officer that further drilling of the well would be unwarranted or impracticable. If an application is received for voluntary termination of a communitization agreement during its fixed term or such an agreement automatically expires at the end of its fixed term without the public interest requirement having been satisfied, the approval of that agreement by the authorized officer shall be invalid and no

Federal lease shall be eligible for extension under § 3107.4 of this title.

§ 3105.3 Operating, drilling or development contracts.

§ 3105.3-1 Where filed.

A contract submitted for approval under this section shall be filed with the proper BLM office, together with enough copies to permit retention of 5 copies by the Department after approval.

§ 3105.3-2 Purpose.

Approval of operating, drilling or development contracts ordinarily shall be granted only to permit operators or pipeline companies to enter into contracts with a number of lessees sufficient to justify operations on a scale large enough to justify the discovery, development, production or transportation of oil or gas and to finance the same.

§ 3105.3-3 Requirements.

The contract shall be accompanied by a statement showing all the interests held by the contractor in the area or field and the proposed or agreed plan for development and operation of the field. All the contracts held by the same contractor in the area or field shall be submitted for approval at the same time and full disclosure of the projects made.

§ 3105.4 Combination for joint operations or for transportation of oil.

a pipeline or lines or railroads to be operated and used by them jointly in the transportation of oil or gas from their wells or from the wells of other lessees.

§ 3105.4-3 Requirements.

The application shall show a reasonable need for the combination and that it will not result in any concentration of control over the production or sale of oil and gas which would be inconsistent with the anti-monopoly provisions of law.

§ 3105.4-4 Rights-of-way.

Rights-of-way for pipelines may be granted as provided in part 2880 of this title.

§ 3105.5 Subsurface storage of oil and gas.

§ 3105.5-1 Where filed.

(a) Applications for subsurface storage shall be filed in the proper BLM office.

(b) Enough copies of the final agreement signed by all the parties in interest shall be submitted to permit the retention of 5 copies by the Department after approval.

§ 3105.5-2 Purpose.

In order to avoid waste and to promote conservation of natural resources, the Secretary, upon application by the interested parties, may authorize the subsurface storage of oil and gas, whether or not produced from lands owned by the United States. Such authorization shall provide for the payment of such storage fee or rental on the stored oil or gas as may be determined adequate in each case, or, in lieu thereof, for a royalty other than that prescribed in the lease when such stored oil or gas is produced in conjunction with oil or gas not previously produced.

§ 3105.5-3 Requirements.

The agreement shall disclose the ownership of the lands involved, the parties in interest, the storage fee, rental or royalty offered to be paid for such storage and all essential information showing the necessity for such project.

§ 3105.5-4 Extension of lease term.

Any lease used for the storage of oil or gas shall be extended for the period of storage under an approved agreement. The obligation to pay annual lease rent continues during the extended period.

§ 3105.6 Consolidation of leases.

BLM may approve consolidation of leases if we determine that there is sufficient justification and it is in the public interest. Each application for a consolidation of leases must include payment of the processing fee found in the fee schedule in §3000.12 of this chapter. Each application for consolidation of leases shall be considered on its own merits. Leases to different lessees for different terms, rental and royalty rates, and those containing provisions required by law that cannot be reconciled, shall not be consolidated. The effective date of a consolidated lease shall be that of the oldest lease involved in the consolidation.

§ 3106.1 Transfers, general.

(a) Leases may be transferred by assignment or sublease as to all or part of the acreage in the lease or as to either a divided or undivided interest therein. An assignment of a separate zone or deposit, or of part of a legal subdivision, shall be disapproved.

(b) An assignment of less than 640 acres outside Alaska or of less than 2,560 acres within Alaska shall be disapproved unless the assignment constitutes the entire lease or is demonstrated to further the development of oil and gas to the satisfaction of the authorized officer. Execution and submission of a request for approval of such an assignment shall certify that the assignment would further the development of oil and gas, subject to the provisions of §3102.5-3 of this title. The rights of the transferee to a lease or an

interest therein shall not be recognized by the Department until the transfer has been approved by the authorized officer. A transfer may be withdrawn in writing, signed by the transferor and the transferee, if the transfer has not been approved by the authorized officer. A request for approval of a transfer of a lease or interest in a lease shall be filed within 90 days from the date of its execution. The 90-day filing period shall begin on the date the transferor signs and dates the transfer. If the transfer is filed after the 90th day, the authorized officer may require verification that the transfer is still in force and effect. A transfer of production payments or overriding royalty or other similar payments, arrangements, or interests shall be filed in the proper BLM office but shall not require approval.

(c) No transfer of an offer to lease or interest in a lease shall be approved prior to the issuance of the lease.

§ 3106.2 Qualifications of transferees.

Transferees shall comply with the provisions of subpart 3102 of this title and post any bond that may be required.

§ 3106.3 Fees.

Each transfer of record title or of operating rights (sublease) for each lease must include payment of the processing fee for assignments and transfers found in the fee schedule in § 3000.12 of this chapter. Each request for a transfer to an heir or devisee, request for a change of name, or notification of a corporate merger under § 3106.8, must include payment of the processing fee for name changes, corporate mergers or transfers to heir/devisee found in the fee schedule in § 3000.12 of this chapter. Each transfer of overriding royalty or payment out of production must include payment of the processing fee for overriding royalty transfers or payments out of productions found in the fee schedule in § 3000.12 of this chapter for each lease to which it applies.

§ 3106.4 Forms.

§ 3106.4-1 Transfers of record title and of operating rights (subleases).

Each transfer of record title or of an operating right (sublease) shall be filed with the proper BLM office on a current form approved by the Director or exact reproductions of the front and back of such form. A transfer filed on a form not currently in use shall be acceptable, unless such form has been declared obsolete by the Director prior to the filing of the transfer. A separate form for each transfer, in triplicate, originally executed shall be filed for each lease out of which a transfer is made. Only 1 originally executed copy of a transferee's request for approval for each transfer shall be required, including in those instances where several transfers to a transferee have been submitted at the same time (See also § 3106.4-3). Copies of documents other than the current form approved by the Director shall not be submitted. However, reference(s) to other documents containing information affecting the terms of the transfer may be made on the submitted form.

§ 3106.4-2 Transfers of other interests, including royalty interests and production payments.

(a) Each transfer of overriding royalty interest, payment out of production or similar interests created or reserved in a lease in conjunction with a transfer of record title or of operating rights (sublease) shall be described for each lease on the current form when filed.

(b) Each transfer of overriding royalty interest, payment out of production or similar interests created or reserved in a lease independently of a transfer of record title or of operating rights (sublease), if not filed on the current form, shall be described and shall include the transferee's executed statement as to his/her qualifications under subpart 3102 of this title. A single executed copy of each such transfer of other interests for each lease shall be filed with the proper BLM office.

§ 3106.4-3 Mass transfers.

(a) A mass transfer may be utilized in lieu of the provisions of §§ 3106.4-1 and

§ 3106.5

3106.4-2 of this title when a transferor transfers interests of any type in a large number of Federal leases to the same transferee.

(b) Three originally executed copies of the mass transfer shall be filed with each proper BLM office administering any lease affected by the mass transfer. The transfer shall be on a current form approved by the Director or an exact reproduction of both sides thereof, with an exhibit attached to each copy listing the following for each lease:

- (1) The serial number;
- (2) The type and percent of interest being conveyed; and
- (3) A description of the lands affected by the transfer in accordance with § 3106.5 of this title.

(c) One reproduced copy of the form required by paragraph (b) of this section shall be filed with the proper BLM office for each lease involved in the mass transfer. A copy of the exhibit for each lease may be limited to line items pertaining to individual leases as long as that line item includes the information required by paragraph (b) of this section.

(d) Include with your mass transfer the processing fee for assignments and transfers found in the fee schedule in § 3000.12 of this chapter for each such interest transferred for each lease.

§ 3106.5 Description of lands.

Each transfer of record title shall describe the lands involved in the same manner as the lands are described in the lease or in the manner required by § 3110.5 of this title, except no land description is required when 100 percent of the entire area encompassed within a lease is conveyed.

§ 3106.6 Bonds.

§ 3106.6-1 Lease bond.

Where a lease bond is maintained by the lessee or operating rights owner (sublessee) in connection with a particular lease, the transferee of record title interest or operating rights in such lease shall furnish, if bond coverage continues to be required, either a

43 CFR Ch. II (10-1-11 Edition)

proper bond or consent of the surety under the existing bond to become co-principal on such bond if the transferor's bond does not expressly contain such consent. Where bond coverage is provided by an operator, the new operator shall furnish an appropriate replacement bond or provide evidence of consent of the surety under the existing bond to become co-principal on such bond.

§ 3106.6-2 Statewide/nationwide bond.

If the transferee is maintaining a statewide or nationwide bond, a lease bond shall not be required, but the amount of the bond may be increased to an amount determined by the authorized officer in accordance with the provisions of § 3104.5 of this title.

§ 3106.7 Approval of transfer.

§ 3106.7-1 Failure to qualify.

No transfer of record title or of operating rights (sublease) shall be approved if the transferee or any other parties in interest are not qualified to hold the transferred interest(s), or if the bond, should one be required, is insufficient. Transfers are approved for administrative purposes only. Approval does not warrant or certify that either party to a transfer holds legal or equitable title to a lease.

§ 3106.7-2 If I transfer my lease, what is my continuing obligation?

(a) You are responsible for performing all obligations under the lease until the date BLM approves an assignment of your record title interest or transfer of your operating rights.

(b) After BLM approves the assignment or transfer, you will continue to be responsible for lease obligations that accrued before the approval date, whether or not they were identified at the time of the assignment or transfer. This includes paying compensatory royalties for drainage. It also includes responsibility for plugging wells and abandoning facilities you drilled, installed, or used before the effective date of the assignment or transfer.

§ 3106.8-3

§ 3106.7-3 Lease account status.

A transfer of record title or of operating rights (sublease) in a producing lease shall not be approved unless the lease account is in good standing.

§ 3106.7-4 Effective date of transfer.

The signature of the authorized officer on the official form shall constitute approval of the transfer of record title or of operating rights (sublease) which shall take effect as of the first day of the lease month following the date of filing in the proper BLM office of all documents and statements required by this subpart and an appropriate bond, if one is required.

§ 3106.7-5 Effect of transfer.

A transfer of record title to 100 percent of a portion of the lease segregates the transferred portion and the retained portion into separate leases. Each resulting lease retains the anniversary date and the terms and conditions of the original lease. A transfer of an undivided record title interest or a transfer of operating rights (sublease) shall not segregate the transferred and retained portions into separate leases.

§ 3106.7-6 If I acquire a lease by an assignment or transfer, what obligations do I agree to assume?

(a) If you acquire record title interest in a Federal lease, you agree to comply with the terms of the original lease during your lease tenure. You assume the responsibility to plug and abandon all wells which are no longer capable of producing, reclaim the lease site, and remedy all environmental problems in existence and that a purchaser exercising reasonable diligence should have known at the time. You must also maintain an adequate bond to ensure performance of these responsibilities.

(b) If you acquire operating rights in a Federal lease, you agree to comply with the terms of the original lease as it applies to the area or horizons in which you acquired rights. You must plug and abandon all unplugged wells, reclaim the lease site, and remedy all environmental problems in existence and that a purchaser exercising reasonable diligence should have known at the time you receive the transfer. You must also maintain an adequate bond

to ensure performance of these responsibilities.

§ 3106.8 Other types of transfers.

§ 3106.8-1 Heirs and devisees.

(a) If an offeror, applicant, lessee or transferee dies, his/her rights shall be transferred to the heirs, devisees, executor or administrator of the estate, as appropriate, upon the filing of a statement that all parties are qualified to hold a lease in accordance with subpart 3102 of this title. Include the processing fee for transfers to heir/devisee found in the fee schedule in §3000.12 of this chapter with your request to transfer lease rights. A bond rider or replacement bond may be required for any bond(s) previously furnished by the decedent.

(b) Any ownership or interest otherwise forbidden by the regulations in this group which may be acquired by descent, will, judgement or decree may be held for a period not to exceed 2 years after its acquisition. Any such forbidden ownership or interest held for a period of more than 2 years after acquisition shall be subject to cancellation.

§ 3106.8-2 Change of name.

A change of name of a lessee shall be reported to the proper BLM office. Include the processing fee for name change found in the fee schedule in §3000.12 of this chapter with your notice of name change. The notice of name change shall be submitted in writing and be accompanied by a list of the serial numbers of the leases affected by the name change. If a bond(s) has been furnished, change of name may be made by surety consent or a rider to the original bond or by a replacement bond.

A notification of the merger shall be furnished with a list, by serial number, of all lease interests affected. Include the processing fee for corporate merger found in the fee schedule in § 3000.12 of this chapter with your notification of a corporate merger. A bond rider or replacement bond conditioned to cover the obligations of all affected corporations may be required by the authorized officer as a prerequisite to recognition of the merger.

Subpart 3107—Continuation, Extension or Renewal

§ 3107.1 Extension by drilling.

Any lease on which actual drilling operations were commenced prior to the end of its primary term and are being diligently prosecuted at the end of the primary term or any lease which is part of an approved communitization agreement or cooperative or unit plan of development or operation upon which such drilling takes place, shall be extended for 2 years subject to the rental being timely paid as required by § 3103.2 of this title, and subject to the provisions of § 3105.2-3 and § 3186.1 of this title, if applicable. Actual drilling operations shall be conducted in a manner that anyone seriously looking for oil or gas could be expected to make in that particular area, given the existing knowledge of geologic and other pertinent facts. In drilling a new well on a lease or for the benefit of a lease under the terms of an approved agreement or plan, it shall be taken to a depth sufficient to penetrate at least 1 formation recognized in the area as potentially productive of oil or gas, or where an existing well is reentered, it shall be taken to a depth sufficient to penetrate at least 1 new and deeper formation recognized in the area as potentially productive of oil or gas. The authorized officer may determine that

further drilling is unwarranted or impracticable.

§ 3107.2 Production.

§ 3107.2–1 Continuation by production.

A lease shall be extended so long as oil or gas is being produced in paying quantities.

§ 3107.2–2 Cessation of production.

A lease which is in its extended term because of production in paying quantities shall not terminate upon cessation of production if, within 60 days thereafter, reworking or drilling operations on the leasehold are commenced and are thereafter conducted with reasonable diligence during the period of nonproduction. The 60-day period commences upon receipt of notification from the authorized officer that the lease is not capable of production in paying quantities.

[48 FR 33662, July 22, 1983, as amended at 53 FR 17357, May 16, 1988; 53 FR 22840, June 17, 1988]

§ 3107.2–3 Leases capable of production.

No lease for lands on which there is a well capable of producing oil or gas in paying quantities shall expire because the lessee fails to produce the same, unless the lessee fails to place the lease in production within a period of not less than 60 days as specified by the authorized officer after receipt of notice by certified mail from the authorized officer to do so. Such production shall be continued unless and until suspension of production is granted by the authorized officer.

continue in effect so long as the lease or portion thereof remains subject to the plan; *Provided*, That there is production of oil or gas in paying quantities under the plan prior to the expiration date of such lease.

§ 3107.3-2 Segregation of leases committed in part.

Any lease committed after July 29, 1954, to any cooperative or unit plan, which covers lands within and lands outside the area covered by the plan, shall be segregated, as of the effective date of unitization, into separate leases; one covering the lands committed to the plan, the other lands not committed to the plan. The segregated lease covering the nonunitized portion of the lands shall continue in force and effect for the term of the lease or for 2 years from the date of segregation, whichever is longer. However, for any lease segregated from a unit, if the public interest requirement for the unit is not satisfied, such segregation shall be declared invalid by the authorized officer. Further, the segregation shall be conditioned to state that no operations shall be approved on the segregated portion of the lease past the expiration date of the original lease until the public interest requirement of the unit has been satisfied.

Any lease issued for a term of 20 years, or any renewal thereof, committed to a cooperative or unit plan approved by the Secretary, or any portion of such lease so committed, shall continue in force so long as committed to the plan, beyond the expiration date of its primary term. This provision does not apply to that portion of any such lease which is not included in the cooperative or unit plan unless the lease was so committed prior to August 8, 1946.

§ 3107.4 Extension by elimination.

Any lease eliminated from any approved or prescribed cooperative or unit plan or from any communitization or drilling agreement authorized by the Act and any lease in effect at the ter-

mination of such plan or agreement, unless relinquished, shall continue in effect for the original term of the lease or for 2 years after its elimination from the plan or agreement or after the termination of the plan or agreement, whichever is longer, and for so long thereafter as oil or gas is produced in paying quantities. No lease shall be extended if the public interest requirement for an approved cooperative or unit plan or a communitization agreement has not been satisfied as determined by the authorized officer.

§ 3107.5-1 Extension after discovery on other segregated portions.

Any lease segregated by assignment, including the retained portion, shall continue in effect for the primary term of the original lease, or for 2 years after the date of first discovery of oil or gas in paying quantities upon any other segregated portion of the original lease, whichever is the longer period.

§ 3107.5-2 Undeveloped parts of leases in their extended term.

Undeveloped parts of leases retained or assigned out of leases which are in their extended term shall continue in effect for 2 years after the effective date of assignment, provided the parent lease was issued prior to September 2, 1960.

§ 3107.5-3 Undeveloped parts of producing leases.

Undeveloped parts of leases retained or assigned out of leases which are extended by production, actual or suspended, or the payment of compensatory royalty shall continue in effect for 2 years after the effective date of assignment and for so long thereafter as oil or gas is produced in paying quantities.

§ 3107.6 Extension of reinstated leases.

Where a reinstatement of a terminated lease is granted under § 3108.2 of this title and the authorized officer finds that the reinstatement will not

§ 3107.7

afford the lessee a reasonable opportunity to continue operations under the lease, the authorized officer may extend the term of such lease for a period sufficient to give the lessee such an opportunity. Any extension shall be subject to the following conditions:

(a) No extension shall exceed a period equal to the unexpired portion of the lease or any extension thereof remaining at the date of termination.

(b) When the reinstatement occurs after the expiration of the term or extension thereof, the lease may be extended from the date the authorized officer grants the petition, but in no event for more than 2 years from the date the reinstatement is authorized and so long thereafter as oil or gas is produced in paying quantities.

[48 FR 33662, July 22, 1983, as amended at 49 FR 30448, July 30, 1984; 53 FR 17357, May 16, 1988]

§ 3107.7 Exchange leases: 20-year term.

Any lease which issued for a term of 20 years, or any renewal thereof, or which issued in exchange for a 20-year lease prior to August 8, 1946, may be exchanged for a new lease. Such new lease shall be issued for a primary term of 5 years. The lessee must file an application to exchange a lease for a new lease, in triplicate, at the proper BLM office. The application must show full compliance by the applicant with the terms of the lease and applicable regulations, and must include payment of the processing fee for lease renewal or exchange found in the fee schedule in § 3000.12 of this chapter. § 3107.8-1 Requirements.

(a) Twenty year leases and renewals thereof may be renewed for successive terms of 10 years. § 3107.8-3 Approval.

(a) Copies of the renewal lease, in triplicate, dated the first day of the month following the month in which the original lease terminated, shall be forwarded to the lessee for execution. Upon receipt of the executed lease forms, which constitutes certification of compliance with § 3102.5 of this title, and any required bond, the authorized officer shall execute the lease and deliver 1 copy to the lessee.

(b) If overriding royalties and payments out of production or similar interests in excess of 5 percent of gross production constitute a burden to lease operations that will retard, or impair, or cause premature abandonment, the lease application shall be suspended until overriding royalties and payments out of production or similar interests are reduced to not more than 5 percent of the value of the production. If the holders of outstanding overriding royalty or other interests payable out of production, the operator and the lessee are unable to enter into a mutually fair and equitable agreement, any of the parties may apply for a hearing at which all interested parties may be heard and written statements presented. Thereupon, a final decision will be rendered by the Department, outlining the conditions acceptable to it

Subpart 3108—Relinquishment, Termination, Cancellation

§ 3108.1 As a lessee, may I relinquish my lease?

You may relinquish your lease or any legal subdivision of your lease at any time. You must file a written relinquishment with the BLM State Office with jurisdiction over your lease. All lessees holding record title interests in the lease must sign the relinquishment. A relinquishment takes effect on the date you file it with BLM. However, you and the party that issued the bond will continue to be obligated to:

(a) Make payments of all accrued rentals and royalties, including payments of compensatory royalty due for all drainage that occurred before the relinquishments;

(b) Place all wells to be relinquished in condition for suspension or abandonment as BLM requires; and

(c) Complete reclamation of the leased sites after stopping or abandoning oil and gas operations on the

lease, under a plan approved by the appropriate surface management agency.

§ 3108.2 Termination by operation of law and reinstatement.

§ 3108.2-1 Automatic termination.

(a) Except as provided in paragraph (b) of this section, any lease on which there is no well capable of producing oil or gas in paying quantities shall automatically terminate by operation of law (30 U.S.C. 188) if the lessee fails to pay the rental at the designated Service office on or before the anniversary date of such lease. However, if the designated Service office is closed on the anniversary date, a rental payment received on the next day the Service office is open to the public shall be considered as timely made.

(b) If the rental payment due under a lease is paid on or before its anniversary date but the amount of the payment is deficient and the deficiency is nominal as defined in this section, or the amount of payment made was determined in accordance with the rental or acreage figure stated in a bill rendered by the designated Service office, or decision rendered by the authorized officer, and such figure is found to be in error resulting in a deficiency, such lease shall not have automatically terminated unless the lessee fails to pay the deficiency within the period prescribed in the Notice of Deficiency provided for in this section. A deficiency shall be considered nominal if it is not more than \$100 or more than 5 percent of the total payment due, whichever is less. The designated Service office shall send a Notice of Deficiency to the lessee. The Notice shall be sent by certified mail, return receipt requested, and shall allow the lessee 15 days from the date of receipt or until the due date, whichever is later, to submit the full balance due to the designated Service office. If the payment required by the Notice is not paid within the time allowed, the lease shall have terminated by operation of law as of its anniversary date.

§ 3108.2-2 Reinstatement at existing rental and royalty rates: Class I reinstatements.

(a) Except as hereinafter provided, the authorized officer may reinstate a lease which has terminated for failure to pay on or before the anniversary date the full amount of rental due, provided that:

(1) Such rental was paid or tendered within 20 days after the anniversary date; and

(2) It is shown to the satisfaction of the authorized officer that the failure to timely submit the full amount of the rental due was either justified or not due to a lack of reasonable diligence on the part of the lessee (reasonable diligence shall include a rental payment which is postmarked by the U.S. Postal Service, common carrier, or their equivalent (not including private postal meters) on or before the lease anniversary date or, if the designated Service office is closed on the anniversary date, postmarked on the next day the Service office is open to the public); and

(3) A petition for reinstatement, the processing fee for lease reinstatement, Class I, found in the fee schedule in § 3000.12 of this chapter, and the required rental, including any back rental that has accrued from the date of the termination of the lease, are filed with the proper BLM office within 60 days after receipt of Notice of Termination of Lease due to late payment of rental. If a terminated lease becomes productive prior to the time the lease is reinstated, all required royalty that has accrued shall be paid to the Service.

(b) The burden of showing that the failure to pay on or before the anniversary date was justified or not due to lack of reasonable diligence shall be on the lessee.

(c) Under no circumstances shall a terminated lease be reinstated if:

(1) A valid oil and gas lease has been issued prior to the filing of a petition for reinstatement affecting any of the lands covered by that terminated lease; or

(2) The oil and gas interests of the United States in the lands have been disposed of or otherwise have become unavailable for leasing.

§ 3108.2-3 Reinstatement at higher rental and royalty rates: Class II reinstatements.

(a) The authorized officer may, if the requirements of this section are met, reinstate an oil and gas lease which was terminated by operation of law for failure to pay rental timely when the rental was not paid or tendered within 20 days of the termination date and it is shown to the satisfaction of the authorized officer that such failure was justified or not due to a lack of reasonable diligence, or no matter when the rental was paid, it is shown to the satisfaction of the authorized officer that such failure was inadvertent.

(b)(1) Leases that terminate on or before August 8, 2005, may be reinstated if the required back rental and royalty at the increased rates accruing from the date of termination, together with a petition for reinstatement, are filed on or before the earlier of:

(i) Sixty days after the receipt of the Notice of Termination sent to the lessee of record, whether by return of check or any form of actual notice; or

(ii) Fifteen months after termination of the lease.

(2) Leases that terminate after August 8, 2005 may be reinstated if the required back rental and royalty at the increased rates accruing from the date of termination, together with a petition for reinstatement, are filed on or before the earlier of:

(i) Sixty days after the last date that any lessee of record received Notice of Termination by certified mail; or

(ii) Twenty four months after termination of the lease.

(3) After determining that the requirements for filing of the petition for reinstatement have been timely met, the authorized officer may reinstate the lease if:

(i) No valid lease has been issued prior to the filing of the petition for reinstatement affecting any of the lands

covered by the terminated lease, whether such lease is still in effect or not;

(ii) The oil and gas interests of the United States in the lands have not been disposed of or have not otherwise become unavailable for leasing;

(iii) Payment of all back rentals and royalties at the rates established for the reinstated lease, including the release to the United States of funds being held in escrow, as appropriate;

(iv) An agreement has been signed by the lessee and attached to and made a part of the lease specifying future rentals at the applicable rates specified for reinstated leases in § 3103.2-2 of this title and future royalties at the rates set in § 3103.3-1 of this title for all production removed or sold from such lease or shared by such lease from production allocated to the lease by virtue of its participation in a unit or communitization agreement or other form of approved joint development agreement or plan;

(v) A notice of the proposed reinstatement of the terminated lease and the terms and conditions of reinstatement has been published in the FEDERAL REGISTER at least 30 days prior to the date of reinstatement for which the lessee shall reimburse the Bureau for the full costs incurred in the publishing of said notice; and

(vi) The lessee has paid the Bureau a nonrefundable administrative fee of \$500.

(c) The authorized officer shall not, after the receipt of a petition for reinstatement, issue a new lease affecting any of the lands covered by the terminated lease until all action on the petition is final.

(d) The authorized officer shall furnish to the Chairpersons of the Committee on Interior and Insular Affairs of the House of Representatives and of the Committee on Energy and Natural Resources of the Senate, at least 30 days prior to the date of reinstatement, a copy of the notice, together with information concerning rental, royalty, volume of production, if any, and any other matter which the authorized officer considers significant in making the determination to reinstate.

(e) If the authorized officer reinstates the lease, the reinstatement shall be as

of the date of termination, for the unexpired portion of the original lease or any extension thereof remaining on the date of termination, and so long thereafter as oil or gas is produced in paying quantities. Where a lease is reinstated under this section and the authorized officer finds that the reinstatement of such lease either (1) occurs after the expiration of the primary term or any extension thereof, or (2) will not afford the lessee a reasonable opportunity to continue operations under the lease, the authorized officer may extend the term of the reinstated lease for such period as determined reasonable, but in no event for more than 2 years from the date of the reinstatement and so long thereafter as oil or gas is produced in paying quantities.

(f) The authorized officer may, either in acting on a petition for reinstatement or in response to a request filed after reinstatement, or both, reduce the royalty in that reinstated lease on the entire leasehold or any tract or portion thereof segregated for royalty purposes, if he/she determines there are either economic or other circumstances which could cause undue economic hardship or premature termination of production; or because of any written action of the United States, its agents or employees, which preceded, and was a major consideration in, the lessee's expenditure of funds to develop the lands covered by the lease after the rental had become due and had not been paid; or if the authorized officer determines it is equitable to do so for any other reason.

The oil and gas underlying any other right-of-way or easement is included within any oil and gas lease issued pursuant to the Act which covers the lands within the right-of-way, subject to the limitations on use of the surface, if any, set out in the statute under which, or permit by which, the right-of-way or easement

§ 3109.1-2

was issued, and such oil and gas shall not be leased under the Act of May 21, 1930.

§ 3109.1-2 Application.

If the transferee files an application, it must also include an executed transfer of the right to obtain a lease. The application shall detail the facts as to the ownership of the right-of-way, and of the transfer if the application is filed by a transferee; the development of oil or gas in adjacent or nearby lands, the location and depth of the wells, the production and the probability of drainage of the deposits in the right-of-way. A description by metes and bounds of the right-of-way is not required but each legal subdivision through which a portion of the right-of-way desired to be leased extends shall be described.

The adjoining land owner or lessee shall be allowed a reasonable time, as provided in the notice, within which to submit a bid for the amount or percent of compensatory royalty, the owner or lessee shall pay for the extraction of the oil and gas underlying the right-of-way through wells on such adjoining lands. (a) The lease or compensatory royalty agreement shall be on a form approved by the Director.

(b) The royalty to be charged shall be fixed by the Bureau of Land Management in accordance with the provisions of §3103.3 of this title, but shall not be less than 12½ percent.

(b) Any lease or permit respecting minerals in units of the National Park System shall be issued or renewed only with the consent of the Regional Director, National Park Service.
